## SIZE GUIDE

### BODY MEASUREMENT TIPS

- *When measuring yourself keep the tape firm but not tight*
- *Measure over undergarments for more accurate measurements*
- *If you don't have a measuring tape, use a piece of string and measure it using a ruler*

### CHEST

*Measure around the fullest part of your chest. This is the key measurement for shirts/blouses & dresses. Make sure the measuring tape sits horizontally across your body.*

### WAIST

*Measure around the natural waistline which is the narrowest part of your waist. This is an important measurement for trousers/pants/shorts & skirts*

### HIP

*Measure around the fullest part of the hips*

- *Our Size Charts are in **Finished Garment Measurements**.*
- *Size Charts are located on each individual garment on the website, under the **SIZE CHART** tab.*
- *To determine the size you need to **ADD** to your **Body Measurements** the following:*
- ***BLAZERS, DRESSES, TUNICS, SHIRTS, BLOUSES, POLOS** and other upper body garments **ADD 10 - 12 cm***
- ***TROUSERS, SHORTS, SKIRTS & TUNICS** - **ADD 5 - 8 cm** in the waist. These garments are often adjustable in the waist to allow for extra growth.*
- *A good way to check is to measure & compare a similar garment that is a comfortable fit.*
